Conference Tracks

Based on feedback from our audiences, speakers and exhibitors–
we simplified the tracks for the 2021 edition of Open Source India.

Here are the 6 tracks, including a brand new track that was
planned to accelerate partnerships and alliances within the
Open Source ecosystem to accelerate deployment
and development of Open Source.

COMMUNITY TRACK:
INDIA CONTRIBUTES?

7th-8th Oct 2021

This year the focus was on how India is contributing back to
Open Source as a nation and how Indians have contributed.

CXO SUMMIT:
### THE BUSINESS OF OPEN SOURCE

7th Oct 2021

In the CXO summit speakers discussed what are the business opportunities for
ISVs, systems integrators and traditional channel partners that the Open Source
ecosystem has to offer. Apart from this there was an interesting panel discussion on
Open Source Compliance, Licensing Trends and Enforcement.

DEVOPS ZONE:
THE BEST APPROACH

7th Oct 2021

Attendees were introduced to DevOps best approaches along with
practices to secure DevOps

DATA & BASES:
OPEN SOURCE ROCKS!

8th Oct 2021

The session was all about the latest in the world of Open Source databases and how to manage your data and databases in the cloud.

IT INFRA TALKS:
POWERED BY OPEN SOURCE

8th Oct 2021

This track was more of discussion on open source tools and technologies that enables you to manage your IT Infra better.

DEVELOPERS' MEET:
WHAT'S THE LATEST?

8th Oct 2021

Most of the talks in this track enlightened developers with new and cutting edge open source techs that they could use.

AWS DAY

8th Oct 2021

It was a full day of enlightening talks by tech experts from the Amazon Web Services. There were multiple sessions catering to developers as well as DevOps experts.

SODA FORUM
CONTAINER DATA MANAGEMENT – TODAY & TOMORROW

8th Oct 2021

SODA Forum, by SODA Foundation, was a technical mini summit that brought to-gether industry leaders, developers, and end-users to collaborate and share projects, innovation, and best practices for data management and storage in the era of cloud native, IoT, Big Data, machine learning, and more. The sessions and panel discussions were by the developers, maintainers, and architects who are working in this space. Along with the learning and sharing, there were amazing goodies to win!

Our sincere gratitude
towards our sponsors of 2021.
